

Department of Mathematics Hourly ASE Policy

Last revised: August 16, 2019

Graders

- Beginning Autumn 2019, all Math hourly graders will be paid at a single hourly rate of \$16.46 (*effective 9/16/2019*).
- Graders are contracted, on a quarterly basis, for a set number of hours' worth of grading per quarter. Each grader is informed of this number when the position is offered at the start of the quarter.
- The above hourly rate will be increased as necessary per ASE contract requirements, minimum wage increases, or departmental decision.

Math Study Center (MSC) Tutors

- MSC Tutors are hired on a quarterly basis.
- All tutors are paid an equal hourly rate. *The current rate is \$16.46/hour, effective 7/1/19.*
- The hourly rate changes when:
 - Increases are mandated by the ASE contract (generally July 1)
 - The Department of Mathematics determines that a market rate increase for tutors is warranted

Undergraduate TAs

- Undergraduate TA appointments are for the academic year (Sept 16 – June 15)
- UTAs are expected to work 20 hours per week as TAs for Math 134/5/6 or Math 334/5/6.
- Undergraduate TA rates receive a 2% increase every year in July, as covered under the ASE contract.
- *Current rate: \$19.54/hour (2019-20 only)*
